IMPORTANT ORDERING NOTICE – PEAK SEASON

As we head into the busy season, we kindly ask all clients to please ensure that **every order clearly states the product name, fragrance (where applicable), and quantity required.**

Unfortunately, during this busy period, we are unable to go back through previous invoices or orders to determine which products or fragrances are required. **Orders received without the necessary details will be returned to the client for confirmation before processing.** Please note that this will inevitably result in a delay to the fulfilment of your order.

We would also like to remind clients that, during peak season, **orders cannot be processed on an urgent or "same day"** basis sometimes. All orders are processed strictly on a **first-come, first-served basis**, according to the time they are received and subject to stock availability.

We therefore strongly encourage you to **place your orders well in advance** to avoid disappointment or unnecessary delays, particularly when ordering for busy periods or upcoming bookings.

We pride ourselves on providing our clients with excellent service, and your assistance in providing complete and accurate order details allows our team to process orders **quickly, accurately, and efficiently.**

Thank you for your understanding and continued support.
